# CONVEYOR BELT

## Conveyor Belt

We are the principal manufacturers and Exporters of **Conveyor Belts** of India and offer them in diverse varieties such as Fire Conveyor Belt, Chemical Conveyor Belt, Rough Top Conveyor Belt, Sidewall Conveyor Belt, Steel Cord Conveyor Belts and Heat Resistant Conveyor Belt. We fabricate them qualitatively with the aid of high grade of raw-material and the most contemporary technology in compliance with the international standards of quality. They are useful for a extensive array of applications in a variety of Industries and we manufacture them in specifications as per the requirements of the clients. These belts are robust, durable and are accessible at affordable prices.

# CONVEYOR BELT

## Heavy Duty Conveyor Belt

We are the chief company of India manufacturing and supplying **Heavy Duty Conveyor Belts**. Our belts are widely demanded because they bear heavy loads for long distance and can sustain speed and impact. We offer them in diverse specifications and also in the customized versions as per the requirements of our clients. Our products are accessible at market leading prices. We quality test out products before they are supplied to the clients hence they are absolutely flawless and offers excellent performance.

### Features:

- Excellent performance
- Can sustain speed and impact
- Can bear heavy loads for long distance

# CONVEYOR BELT

## Conveyor Belt Manufacturer

We are the leading **Conveyor Belt Manufacturer** of India. We manufacture them robustly as per the international quality norms. Hence they possess excellent characteristics such as Abrasion resistance, Wear & tear resistance, Corrosion proof, Resistance to highly reactive & corrosive chemicals, acids, alkali. We understand the applications of our clients before manufacturing them. Hence they offer excellent and cost-effective performance. Our conveyor belts are durable and need minimal maintenance.

### Features:

- Abrasion and wear & tear resistant
- Cost-effective performance
- Highly reactive & corrosive chemicals, acids, alkali

# CONVEYOR BELT

## EP Conveyor Belt

We fabricate excellent grade **EP conveyor belt** that has excellent features such as high wear-resistance & impact resistance with minimal elongation as well as exceptional thermal stability. Our EP Polyester Conveyor Belts are excellently fabricated tension resistant body with a swathe woven with Polyester in the warp together with polyamide. These belts are made with the supreme quality raw materials procured from the reliable suppliers in the market. Hence are very lucrative and have a good life span.

### Features:

- Very lucrative
- Minimal elongation & a good life span
- Exceptional thermal stability

## Our Focus

### Areas We are expert in:

Conveyor Belt

Conveyor Belt Manufacturer

Conveyor Belt Exporter

Conveyor Belt Supplier

Conveyor Belt Ahmedabad

Conveyor Belt India

Heavy Duty Conveyor Belt

EP Conveyor Belt

Heat Resistant Conveyor Belt

Mines Conveyor Belt in India
